Retraction: Electrophysiological mechanisms of atrial flutter

Dear Readers,

The article “Tai CT, Chen SA. Electrophysiological mechanisms of atrial flutter. *J Chin Med Assoc* 2009;72(2):60–7” is hereby retracted in its entirety at the request of the second author, Shih-Ann Chen, who was included as a co-author without his knowledge, and discovered that the article is a duplication of a previously published article he co-authored.

Readers are therefore referred to the previously published article “Electrophysiological mechanisms of atrial flutter” in the *Indian Pacing and Electrophysiology Journal* 2006;6: 119–32.
